

Membership application

Membership in AESC is comprised of Sustaining, Associate and Producer members, further defined by sub-categories. Companies that provide more than one type of service or product are classified by their primary business line or revenues. Independent subsidiaries, distributors and agents **are required** to maintain separate memberships.

SUSTAINING MEMBERS

Sustaining members include any firm or corporation whose products or services are provided for the express purpose(s) of completing, maintaining, assessing, enhancing and/or abandoning an oil or gas well.

Class I Sustaining:

Members are service companies that provide various types of rolling stock, self propelled and/or self-contained mobile equipment or units that perform well bore/well site functions. Dues are assessed on a fixed asset operating unit basis.

Class I members include companies with Mobile Service Rigs, Pressure Pumping Units, Coiled Tubing Units and Rolling Units, Wireline (Perforating/Logging) Units, as well as DOT Regulated Trucks, including Hot Oilers, Transports, Haul, Kill, Vacuum, Rig Up, Anchor and other similar vehicles.

Dues: 1-3 Units: \$700/year. 4-20 Units: \$115/unit/year. Each unit over 20: \$60/unit/year.
1-10 Trucks: \$700/year. Each truck over 10: \$37/truck/year.

Class II Sustaining:

Members are service companies that provide personnel and/or portable equipment (not defined under Class I) used to perform specific well site functions.

Class II members include companies with Casing Crews, Roustabouts, Pipe Testers, Location Contractors, Welders and Well Testers, and Fishing and Rental Tool Companies.

Dues: \$700 for one location. Additional facilities or satellite operations: \$120/location.

***All dues are prorated based on join date (month).**

ASSOCIATE MEMBERS

Associate members are business entities whose focus, products or services are connected with the energy industry in support of on-site service providers. These companies are categorized as Safety and Engineering Groups, Manufacturers/Suppliers, Insurance, Financial & Legal entities, and Consulting companies.

Class I Associate:

Members include companies serving or doing business in more than one geographic (chapter) area. **Dues:** \$800/year.

Class II Associate:

Members include companies whose business is confined to a single geographic (chapter) area. **Dues:** \$600/year.

PRODUCER MEMBERS

Producer members are business entities whose focus, products or services are connected with the energy industry. These companies are categorized as Exploration and Production companies, Operating Companies, Refiners, Marketers and Royalty Owners.

Class I Producer:

Members include companies serving or doing business in more than one geographic (chapter) area. **Dues:** \$850/year.

Class II Producer:

Members include companies whose business is confined to a single geographic (chapter) area. **Dues:** \$750/year.
